PROFILE

I am a passionate Full Stack Developer with strong knowledge of both front-end and back-end development. I have experience working with modern technologies such as JavaScript, React, Node.js, Express, and databases like MongoDB. I enjoy building scalable web applications and solving complex problems through clean and efficient code. I am a quick learner, detail-oriented, and have good problem-solving and communication skills. I am always eager to learn new technologies and contribute to building innovative and user-friendly applications.
